

Inquiry Form

Exploitation Period (Price Decline, Temporary Suspension)

Natural People:

Information about the owner of the exploitation permit:

Name and Surname:

ID Number:

Issued from:

Father's name:

Date of Birth:

Place of Birth:

National ID Number:

Legal People:

Firm/Company:

Number and Establishment Date:

A copy of the article of the association and the newspaper has to be attached.

Address and Phone Number, Fax, E-mail:

Information on the Exploitation Permit:

Name of the Mine:

Number and Date of the Exploitation Permit:

Validity: ... Years

Geographical Location of the Mine:

Province:

City:

Region:

Village:

Address and the scheme of the region:

The Exploited Mineral or Minerals:

The Mineral or Minerals' Carat:

Fixed Mineral or Minerals Supplies: ... tons.

The Average Annual Production: ... tons.

$\frac{W}{O}$ Ratio: ... $\frac{(Wight)}{(Mass)}$

Exploitation Method:

Open Surface

Underground

A mixture of different methods

The Estimated Price ... Rials per ton.

Average Selling Price: ... Rials per ton.

The Exploitation Area: ... km²

Exploration Vertex Coordinates:

Vertex	A	B	C	D	E	F
Longitude						
Latitude						

Technical Manager:

Name and Surname:

Permit Number and Date:

Category:

Score:

Professional Skills:

Address, Phone Number and E-mail:

Mining Activity Experience:

Has this mine ever been exploited?

Yes

No

How many years ago was the mine exploited? ... Years

For how long was the mine exploited? ... Years

What was the average annual production then? ... tons.

The longest activity duration:

How many days a year?

During which months?

Have you ever had any mining activities?

Yes

No

If Yes, What kind of activity did you have?

Exploration

Extraction

Processing

The activity Period: ... years.

Name of the mineral:

Activity Results:

... items with good results

... items cancelled

... items without clear results

Please give a brief explanation in case the activity was not successful.

Please mention how and where the extracted minerals were used. Give the address of the using units.

working experienc e							
Total							

What are the costs sources (investments)?

- Private
- Loan
- Co-ownership

If you have requested for a loan, the amount requested is ... Rials, of which ... Rials have been granted.

- The requested loan is in the is being considered.
- The requested loan is still in the offering stage.

Has your mining activities ever been suspended because of economic reaons?

- Yes
- No

The reasons behind price decline:

- Imports
- A change in quality
- Practical change or replacement with other material
- A decline in the global price
- Other reasons (please state what the other reasons are)

The reason behind the temporary suspension:

- Natural environment
- Natural Resources
- Police
- Local People
- A change in macro policies and rules of the country
- The operation area not being safe enough
- Earthquake
- Flood
- Landslide
- Explosion
- Collapse
- Fire
- Water inundation
- Other reasons (please estate the other reasons)

If yes, please explain, when, where, and why, and please start from the most dangerous to the least dangerous one.

Has there been any safety threatening cases in the mining activity region?

- Yes
- No

If yes, why and for how long?

The mining activity area has been subjected to which of the events mentioned below?

- Earthquake
- Flood
- Landslide
- Explosion
- Collapse
- Fire
- Water inundation
- Other

If yes, how much was the damage?

What technical or safety measurements have been taken into account in order to decrease the damages from accidents?

The safety measurements already done:

The safety measurements predicted to be done:

According to you, which of the possible dangers mentioned below can be a reason to suspend the mining activity?

- A change in macro policies and rules of the country
- The operation area not being safe enough
- A disagreement with the local People

A disagreement with the execution organizations:

- Natural Environment

Natural Resources

Police

Natural disasters:

Earthquake

Flood

Landslide

Explosion

Collapse

Fire

Water inundation

A decrease in the price:

Imports

A change in the quality

A practical change or replacement

A decrease in the global price

Other reasons (please state the other reasons)

Please list the above mentioned dangers from the most dangerous to the least dangerous.

What technical or safety measurements have been taken into account, or will take place in the future, in order to decrease or stop the above mentioned dangers?

Your offer regarding the compensation for the damages caused by the temporary suspension or a decline in the price:

In case of temporary suspension:

The longest insurance coverage within the time that the insurance policy is still valid: ... days.

Your offer to compensate the damage for each day during the suspension: ... Rials

In case of a decline in the price:

The longest insurance coverage within the time that the insurance policy is still valid: ... days.

Your offer to compensate the damage caused by a decline in the price for the production unit from ... Rials to ... Rials.

I announce here, that all the questions in this inquiry has been answered honestly and with total awareness.
