Dear Applicants,

There are a few conditions mentioned below for having the exploitation or processing unit facilities from the Mining Investment Insurance Corporation:

- The facilities have to be paid back within 3 to 4 years with the grace period of 6 months.
- The interest would be according to the High Council of Money and Credit's by-law, which is now 18%, from the internal sources of the Mellat and Refah banks.
- There would be a 30000000 Rials fee for the inspection after the documents are delivered and then confirmed by the insurance corporation.
- 20% of the whole facilities given is the applicant's fund.
- The insurance rate in credit insurance policies would be 1 to 3% of the whole facilities, depending on the type of mineral. It would be announced in the condition letter to the applicant, after the inspection is done. It would be taken from the applicant, counting on the insurance corporation, before the contract is ratified between the applicant and the Mining Investment Insurance Corporation.
- The guarantees for the facilities, in order to issue the mine credit insurance policy, or in case of construction of a processing unit in the mine location, will be in the same exploitation permit, until the estimated value of the usufruct will be estimated by the insurance corporation (for a mine that has enough extractable supply and enough time on the permit and enough production and is not mortgaged, which all will be decided by the insurance corporation), and will remain in the insurance corporation as the main guarantee, after registering and endorsement of the applicant's obligations and putting it as a mortgage for the insurance corporation by the authorities (including checks and promissory notes).
- Bails and guarantees accepted by the insurance corporation in different stages of operation are the binding documents or possessions which will remain in the guarantees of the insurance corporation until the applicant's full payment.
-
- The complementary guarantees for construction of the processing and ore dressing units are:
 - In case the processing unit is outside the mine region, the guarantee would be the bank's letter of guarantee equal to the insurance policy rate, or the insurance policy rate divided to 85% of the real state guarantee.

If the applicant is inclined to, machinery purchase from the vendor's list (the machinery selling companies) would be carried out through the insurance corporation website www.iranmico.com

The Complementary bails and guarantees are such as:
